This is an in-person workshop held at Janome UK HQ. The workshop consists of a one-hour 'Get Ready!' session via zoom a month before the workshop to discuss the pattern, colour, templates and what prep you can do, followed by a full day at Janome UK HQ, in their purpose-built training facility in Stockport. The 'Get Ready!' session will be recorded for you to watch again.

Time and Location (Note the two different meeting times and dates):

Get Ready! - Monday, September 14th, 6-7pm (via zoom)

Workshop - Thursday, October 22nd, 10am-4pm (Janome UK HQ, Unit 1 Southside, Bredbury, Stockport SK6 2SP)

Contact E-Mail - pappersaxsten@gmail.com

Learning objectives:

In this block-based workshop you'll be playing with Jenny's latest design, the Klover block.

With thorough step-by-step instructions, lots of colour play and in-depth demos this block will enhance your skills, especially your curved piecing.

The block can be made using the PSS custom acrylic templates* or the paper templates included with this pattern.

Supplies List

- Quality fine sewing thread (40 or 50wt) in neutral or to match your project
- Cutting mat
- Rotary cutter
- Long gridded ruler
- Pins
- Seam ripper
- Hera Marker or other non-permanent marker
- Access to a printer (for the paper templates) OR Acrylic templates

Whats included

Each participant will receive a pre-prepared sewing kit, which includes:

- One hour prep session (via zoom)
- In-person workshop
- Lunch
- PDF paper templates for you to print
- PDF of the Klover pattern (28" block)
- The recording of the prep session

Level: intermediate to advance quilters. General quilting knowledge is assumed (how to use a rotary cutter, sew with an accurate seam allowance etc) and an affection for precision will surely help.

Refreshments/Lunch:

Refreshments and a light buffet lunch with a vegetarian option, will be available. Unfortunately, special dietary requirements are not catered for. Should you wish please bring your own lunch which can be refrigerated on arrival.

*The Complete and the Multiple Drunkard's Path sets are used for this design.
