

Zipped Pencil Case

In this project you will learn how to create a zipped pencil case. We make the exterior of the case using a quilt-as-you-go method and practise using the decorative stitches on your machine. We install the zip using a very simple method and finished projects by hiding all the seam so they can be seen! Let's get started!

Requirements

For this project you will need

- Templates (on next two pages)
- Wadding or Curtain Interlining - cut to template twice
- Lining Fabric - cut to template twice
- Nylon Zip - at least 12" or 30cm
- Strips of fabric scraps. The strips can be any length provided they are greater than 5"/10cm. The width of the strips should be anywhere between 2"-3"/5cm-7cm.

You will need the normal/zig-zag foot for your sewing machine and a zipper foot.
